For all harmful substances, gases and dangerous by-products which have come into contact with the vacuum component please list the following information on a separate page:

- trade-name, product name, manufacturer of substance;
 - chemical name and symbol;
 - danger class;
 - precautions associated with substance
 - first-aid measure to be taken in case of an accident
-
- if equipment has been decontaminated, include description of decontamination procedure for each substance

MBE-Komponenten GmbH will refuse to receive any equipment which has been radioactively, explosively or microbiologically contaminated without written evidence that such equipment has been decontaminated in the prescribed manner!

Finally declare the contamination status of the equipment in the state that it has upon arrival at MBE-Komponenten GmbH:

Is the equipment free from potentially harmful substances? Yes • No •

5. Legally Binding Declaration

I hereby declare that the information supplied on this form is complete and accurate. The dispatch of equipment will be in accordance with the appropriate regulations covering packaging, transportation and labeling of dangerous substances.
